

OAGC Coordinator Workshop Registration Form  
March 14, 2025

The OAGC Coordinator Division is excited to present a day discussing multi-tiered systems of supports (MTSS) and giftedness by keynoters Amanda Nickerson and Valerie Jasinski. The MTSS framework is often used to help students who are struggling, but how can the tenets of and MTSS framework help the gifted student? Our keynoters will explore this idea and give attendees real world application to take back to their districts and classrooms. The OAGC Coordinator Division has designed sessions to support both new and experienced coordinators. This conference will be in-person at the Quest Conference Center, and, as always, will allow for time to meet with other coordinators from around the state.

As an attendee, you agree to abide by our OAGC Code of Conduct located on the OAGC Coordinator Workshop Website: <https://oagc.com/events/coordinator-division-workshop/>
